bor, Michigan, besides supplying all of our business houses in Dayton, which speaks well for the enterprise and taste of our citizens.

Mr. La Dow commenced business here on a small scale, but like the little busy bee, he has been constantly at work until he built up his present mammoth establishment, which gives employment to from thirty to forty hands, a most valuable acquisition to Dayton.

FOR RENT—Three rooms with power suitable for manufacturing purposes, the Foundry Building now occupied by Stout, Mills & Temple, on the Canal near Third street. Enquire on the premises of sep12 02.* SAMUEL O. THOMAS.

CATHOLIC FAIR—There will be a Fair held for the benefit of Emanuel School at Becker's Hall, commencing on the 23d of October next. Preparations are being made to render this Fair unusually attractive. A fine Piano will be among the prizes.

CARRIAGES, BUGGIES AND SLEIGHS—The extensive establishment of J. Langdon & Bro., No. 11, 13 and 15 Fourth streets, is now turning out a large and splendid lot of Carriages, Buggies and Sleighs. The manufacture is under the immediate control of W. W. Phillips, and the style and quality of the work is unsurpassed.

The firm of Langdon & Bro., are also extensive dealers in Hardware, at No. 78 Main street. This is one of the oldest and most popular Hardware houses in the Miami Valley, and all who want to purchase articles in this line should not fail to give them a call sep26 02m.

BOYS AND YOUTH'S CLOTHING—Made in New York—desirable goods well made fashionably cut, elegantly trimmed. There is economy in buying good goods for Boys—they wear out more clothes than men. Call at No. 94 if you want cheap good Goods in this line.

FURNISHING GOODS—The newest novelties in Ties, Scarfs and Battery Gens—Under Clothing for Fall and Winter. G. Grants best make of Shirts, the best fitting Shirts in the United States at No. 94 Main St.

Men's clothing made in New York by men of experience in cutting fashionable clothing—made from good sound materials which I will sell cheap.

W. G. BRENN, No. 94 Main St.

Special Notices.

A Timely Warning to the Sick.

It is especially important at this time, when the markets of the United States are flooded with the direct poisons, under the name of imported liquors, and when domestic compounds purporting to be medicinal, but not a whit less pernicious, are heralded to the world as "sovereign remedies," that the public should fully understand the facts. Be it known, then, that while all the diffusive stimulants called *liquors* are impure and all the *Tonics* containing alcohol are manufactured with a fiery article containing *amyl* or *fusel oil*, a *mortal poison* HOSTETTER'S CELEBRATED STOMACH BITTERS contain none of these things but are a combination of pure essence of Rye with the pure juices of the most valuable stomachic anti-bilious, and aperient herbs and plants, and that as a safe and rapid remedy for Dyspepsia and all its kindred complaints, this preparation stands before the world without a rival or competitor. Its sales to-day are equal to the combined sales of all the other tonics advertised in the United States, and the certificates which authenticate its usefulness are signed by individuals of the highest standing in every professional calling and walking of life. Beware of imitations and impostors.

"Out of Sorts" expresses the feelings of many that cannot be otherwise described. Languor, weakness, prostration, listlessness, sleeplessness, melancholy, want of appetite &c. compose a class of ailments greater than all others combined. It is exactly for these indescribable complaints that PLANTATION BITTERS are prepared. It is for the relief of these same complaints they have become so famous. Hence it is that they are so extensively used by clergymen, merchants, ladies, and persons of sedentary habits. They are as pleasant to the taste as they are beneficial to the stomach. The extent of their sale is almost incredible.

Roback's Bitters.

"There is many a true word spoken in jest," said a gentleman to his friend who remarked that "Greenbacks are good but Robacks are better."

See C. W. Roback's Advertisement of his Bitters in another column.

With a Family case in your house,—you may prevent sickness, prevent suffering, prevent expense, and loss of time prevent children having Measles, or Scarlet Fever, or Whooping Cough, or even Fever, by using preventives in the case. 562 Broadway, New York.

CHALLENGE.

A great deal has been said in reference to and against a fruit drying house here manufacturing, we have taken this method of testing the quality of our produce with the one manufactured by Wayne, Young & Co., in the Court House lot in the city of Dayton, Ohio, on any day the above parties may appear.

We will test the quality with peaches or any other kind of fruit and also the balance of taking fire. An answer to this by the above parties selling fruit the day for trial is requested.

KUMS, BILLINGS & MITCHELL.

Medical.

Dr. JOHN BULL'S Compound Cedron Bitters

Latest and Most Important Discovery

OF THE NINETEENTH CENTURY!!!

No man's name is more intimately connected with the history of MATERIA MEDICA of the United States, or more favorably known as a pioneer in Medical Discovery, than that of

JOHN BULL, OF LOUISVILLE, KENTUCKY.

His inimitable preparation of **SARSAPARILLA** has long stood at the head of the various compounds of that valuable drug.

His Compound of Wild Cherry has become a household word throughout the West and South. His Worm Lozenges, in less than a year after their introduction attained a reputation as wide spread as the continent of NORTH AMERICA.

But the crowning glory of his life remains to be attained in his discovery, or rather combination, or he does not claim to have been the discoverer of *Cedron*, which is the basis of the Bitters now offered to the public. That honor belongs to the native inhabitants of Central America to whom its virtues have been known for more than two thousand years. Armed with the Indian's defiance to the most deadly malarial, and handles, without fear, the most venomous serpents. It is a belief with them, that while there is health in the body, the *Cedron* is potent to cure, no matter what the disease may be.

While Dr. Bull is not prepared to endorse this extraordinary preparation, he is nevertheless satisfied from thorough examination of the evidence relating to its virtues, that it is a remedy and preventative for all diseases arising from exposure, either to change of weather or climate, or to miasmatic influences, it stands

WITHOUT A RIVAL!

And justly deserves the reputation it has so long enjoyed in Central America and the West Indies.

IN DYSPEPSIA

And its attendant train of symptoms, it acts more like a CHARM than a medicine. There is nothing in the whole range of Materia Medica that can for a moment bear a comparison with it in this disease.

A full account of this wonderful plant may be found in the eleventh edition of the United States Dispensatory, pages 1387 and 1388.

A series of experiments in which Dr. Bull has been for years engaged, has not been brought to a successful termination, and he is now enabled to offer to the public a combination of CEDRON with other approved tonics, the whole preserved in the best quality of copper distilled Bourbon Whisky, which he is confident has no equal in the world.

He might furnish a no. of certificates, but the public have long since learned to estimate such things on their true value. The safest plan is, for every one to test for himself the virtues of a new medicine.

GIVE THE CEDRON BITTERS!

ONE TRIAL AND YOU WILL NEVER USE ANY OTHERS.

"It is not necessary to publish a long list of diseases for which the CEDRON BITTERS are a specific. In all diseases of the

BOWELS, LIVER OR KIDNEYS

In all affections of the

BRAIN, DEPENDING UPON DERANGEMENT OF THE STOMACH OR BOWELS.

IN GOUT, RHEUMATISM, AND NEURALGIA.

And in

FEVER & AGUE

It is destined to supersede all other remedies. It not only cures these diseases, but it prevents them. A wine glass of the Bitters, taken an hour before each meal, will obviate the ill effects of the most unhealthy climate, and screen the person taking it against disease under the most trying exposures.

LATEST NEWS.

Another Confederate General Pardoned.

New York, September 17.—Rebel General Henry C. Wayne, of Georgia, son of Judge Wayne, of the United States Supreme Court, and Major and Quartermaster in the United States Army before the war, has been pardoned by the President. General Wayne was in the militia service in Georgia, and never took very active part in the rebellion.

CALL ON THE PRESIDENT.

The President was overwhelmed again today, fifty Southerners came in on one train, most all of whom were at the White House this afternoon. The President was able to see but few who called.

SUMBER OF TROOPS MUSTERED OUT.

The total number of troops mustered out under orders from the War Department, dated August 14, was 29,000. Of this number, 6,000 were men serving in the Middle Department; 8,000 in Washington; 5,000 in Kentucky, and 8,000 in North Carolina, and 2,000 in Mississippi.

Orders dated the 19th of the present month direct the mustering out of another large body of troops, which will number about 40,000 20,000 of whom are colored troops, raised in the Northern States.

CONFED. CHIEFS IN WASHINGTON.

Roger A. Pryor, ex-rebel General, and Fayette McMullen, ex-rebel Congressman, arrived in town today. The rebel Captain R. B. Winder is also ill in Old Capitol.

SEEKING PARDON.

The Tribune's special says: J. D. B. De Bow, who prior to the rebellion, published the Commercial Review, of strong Southern proclivities, has been making strenuous efforts to obtain a pardon. He was formerly rebel cotton agent. During Pierce's administration he was appointed superintendent of the census in place of Mr. Kennedy. He expects to resume the publication of his Review at an early day, and promising to make amends for his part taken in the action, by laboring untiringly in the cause of the Union.

THE MARY HARRIS TRIAL.

The World's special says: The official report of the trial of Mary Harris, for the murder of Burroughs, has just been issued. It comprises a complete record of testimony, speeches of counsel, and decisions of Court, and adds an interesting chapter on paroxysmal insanity to the criminal jurisprudence of the country.

General Slocum.

BUFFALO, September 16.—A dispatch has been received by Dean Richmond from Gen. Slocum, saying he endorses the platform and accepts the nomination as the Copperhead nominee for Secretary of State.

Destructive Fire.

ACQUITA, Me., September 17.—The most destructive fire that ever occurred in Maine swept through this city this morning. The entire business portion of the city, extending from the passenger bridge to Winthrop street, and from the river to above the railroad track, is in ruins.

The fire broke out in a wooden building on Water street, and spread rapidly in all directions. The utmost efforts of the firemen could only codify its destructive progress to the limits above mentioned. Every lawyer's office in the city, all the banks, two hotels, post-office, express and telegraph offices, all the dry goods, bank and clothing stores in the city, United States quartermaster, commissary and pension offices, new depot, Age newspaper office, and many other buildings, in all numbering more than 40, and occupied as places of business of more than one hundred individuals, in firms, were burned. The banks succeeded in saving all their papers and treasure.

The fire was undoubtedly the work of an incendiary. The losses can not be estimated, but they can not fall short of half a million dollars.
